ST RT2	ST RT2	Reverb 2 (instruments)				
ST RT3	ST RT3	Tap delay				

Mics in bold can be provided by the band but this needs to be communicated at least one week before the show.

Output Patch	
	Out monitors (pre fader)
1	In-ear Jonas
2	In-ear Frie
3	In-ear Esther
4	In-ear Renaud (No drumfill!)
5	In-ear Sven
Aux	Reverb + delay FOH (post fader)
6	Reverb 1 (Vocals)
7	Reverb 2 (Instruments)
8	Tap delay

SOUND SYSTEM

High quality 3-way (or if possible 4-way) stereo PA system, with even coverage and enough headroom adapted to the house.

The mix position is at 2/3 of the venue at the same height of the audience and is never placed under a balcony.

One 32-bands stereo graphic EQ inserted at FOH.

FOH DESK

We bring our own Behringer X32 mixing desk. If identical mixing desk is available on spot, let us know, so we can save some space in our van.

MONITORS

No wedges. We need 5 xlr-connections on stage for wiring in-ear system.

Uncle Wellington hospitality rider 2016

Uncle Wellington is very happy to play at your venue.

We would be glad if you could provide:

- 7 warm meals (2 vegetarians)
- Cold beverages (beer/wine/water, ...)
- Tea and/or coffee
- One incredibly cool toy animal
- If you really want to make us happy: some fruit. But don't feel obligated!

We like to sell stuff, so if you could provide a merch stand at your venue, we would appreciate that.

If possible: a sober stagehand and a comfortable backstage / dressing room.

Dinner should be served at least one hour before showtime.

If you are planning on taking pictures, please share them with us (info@unclewellington.be). We like souvenirs!

We are very enthusiastic about video capitation, but broadcasting is only possible with permission of Uncle Wellington's Wives vzw. Don't worry: it's just a formality.
